

MFJ Fiber Jet polyamide

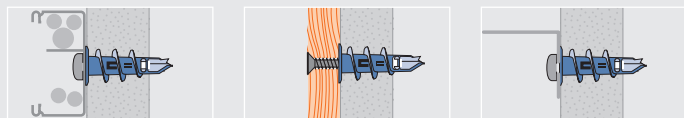

Features

- Glass-fibre reinforced
- Electrically insulated
- For single plasterboards
- For reduced cavities (Fiber Jet 32 or 25mm)
- Pre installation
- Indoor applications

Applications

electric switches, pictures, lamps, rails

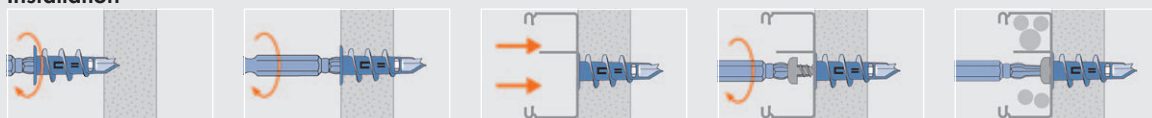

Technical Data

	Plasterboard d = 12.5mm tension load (N)
MFJ	90

Safety factor of 3 is included / 10 N ≈ 1 kg

Installation

Article code	Length mm L	Screw d _s	Screwtype metric Ø mm d _s	Box content	Outer carton	Quantity per pallet
1801112	32	4.0-4.5	M4	100	3600	86400

MFJ32 Fiber Jet polyamide 32mm

Article code	Length mm L	Screw L _s	Screwtype metric Ø mm d _s	Box content	Unit content	Quantity per pallet
18011127	32	4.0-4.5	M4	100	2800	67200

MFJ32 Fiber Jet polyamide 32mm in Maxi-Box

Article code	Length mm L	Screw Ø mm d _s	Screw length mm L _s	Drive	Box content	Outer carton	Quantity per pallet
18011124	32	4.5	30	PZ2	100	2400	57600

MFJ32-S Fiber Jet polyamide 32mm with pan head screw Pozi 2

Article code	Length mm L	Screw d _s	Screwtype metric Ø mm d _s	Box content	Outer carton	Quantity per pallet
1801142	25	4.0-4.5	M4	100	3600	86400

MFJ25 Fiber Jet polyamide 25mm

Article code	For	Drive	Box content
